

Task 2 – Source Analysis: Australia's Changing Foreign Policy and WWII

HIM12-U3E1-T2 other summative · 22% due: Semester 1, Week 10

Task

Source analysis (Task 2). An in-class source analysis based on content related to Australia's changing foreign policy and the Second World War (the Singapore strategy and fear of Japan, the Fall of Singapore, Curtin's appeal to the United States and the wartime alliance). Official SCISA weighting: 10% of the Year 12 course (Source analysis type weighting 20%).

Rubric criteria (weights as a percentage of this assessment)

Criterion	Weight	Descriptor
Analysis and evaluation of sources	45%	Analyses and synthesises evidence from different sources and evaluates their reliability and usefulness, accounting for different perspectives.
Comprehension of sources	30%	Identifies the message, origin, purpose and context of the sources relating to Australia's wartime foreign policy.
Use of evidence and communication	25%	Integrates evidence from the sources with own historical knowledge to support a sustained response, using historical terms and concepts appropriately.
