

Combining the Gumnut Piles — Support Version

Adding, step by step

"Add the tens, then the ones, then put them together," says Biscuit. "One step at a time."

1. Add the tens and ones. Follow the example.

$34 + 25$: tens $30 + 20 = 50$, ones $4 + 5 = 9$, total 59.

a) $42 + 36$: tens _____ ones _____ total _____

b) $53 + 24$: tens _____ ones _____ total _____

2. Add these hundreds.

a) $300 + 400 =$ _____ b) $250 + 300 =$ _____

3. Bo has 120 gumnuts. Pip brings 60 more. How many now? _____

4. Add: $1200 + 300 =$ _____
