

Needs and Habitats

What does it need, and where does it get it?

Every living thing depends on its habitat to meet its needs. Choose a living thing and work out how its home keeps it alive.

Q1. Choose one living thing. Write its name: _____

Q2. List what it needs to survive, and how its habitat provides each need.

What it needs	How its habitat provides it

Q3. Explain in your own words what the word habitat means.

Q4. Imagine one thing in the habitat changed (for example, the trees were removed). Predict what would happen to your living thing, and why.
